110V 68W Portable Hepa Filter Air Purifier Machine for Large Room

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJ600GE-N1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 30000 PCS/MONTH

Product Specification

- Color: White Or Customize
- Installation: Portable
- Control: Touch Control
- Voltage (V): 110
- Type: Hepa Filter
- Custom: Accepted
- Highlight: **68W Hepa Filter Air Purifier**, **110V Hepa Filter Air Purifier**, **110V air purifying machine**

Our Product Introduction

Product Description

Household Large Room HEPA Air Purifier: Loyal Companion for Breathing Health

Imagine in your spacious home, there is a silent guardian - the household large room HEPA air purifier.

It's like a powerful magic box for air purification, tailor-made for large rooms. The HEPA filter is its core secret weapon, capable of meticulously filtering out those tiny "enemies" in the air that are invisible to our naked eyes.

Whether it's the annoying dust particles, the pollen floating with the wind, or even the bacteria and viruses that are so tiny that they can invade our respiratory tract, the HEPA filter can capture them all one by one to ensure that every breath you take is pure and fresh.

Moreover, it doesn't fight alone. Some models are also equipped with activated carbon filters, like a powerful odor eliminator, quickly adsorbing various odors and harmful gases, keeping your home filled with a pleasant aroma at all times.

For example, when you hold a party at home and there are all kinds of mixed odors from the comings and goings of people, it can quickly restore the freshness of the air; or in a newly decorated room, it can efficiently remove harmful substances such as formaldehyde and protect the health of you and your family.

The household large room HEPA air purifier uses the power of technology to create a healthy and comfortable breathing environment for you, making your home a truly warm haven.

Product Specification

Model	KJ600GE-N1
Sound Level	<=67dB(A)(Max)
Rated Power	68 W
CADR rate	352CFM (650m³/h)
Product size	Ø330*H682mm
Area coverage	42-72 m³

Product Features:

3 in 1 HEPA-type filter, with carbon and nylon pre-filter
1-12h timer setting
4 speeds and sleep mode
Filter changing reminder
UVC light plus photocatalyst effectively eliminating bacteria, virus, odors
Auto Mode-Air Quality indicator by 3colors
Negative ions released
Digital display PM2.5 value
Easy-Roll caster
Wi-Fi for option
