Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP
- Model Number: FW300-A1
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS/MONTH

Product Specification

- Product Name: Food Composter For Kitchen
- Net Weight: 10kg
- Feature: One Button Control
- Capacity: 2.5L
- Color: White
- Advantage: One Button Start
- Highlight: Home Use Food Waste Composter, 2.5L Food Waste Composter, Garbage Disposal Food Waste Composter

Product Description

Home Use Garbage Disposal Food Waste Composter With 2.5L Bucket

Product Description

The Food Waste Disposer is a revolutionary device. It transforms kitchen waste into fertilizer in 4 - 8 hours via one-button operation. It auto-calibrates work time according to waste moisture, streamlining kitchen work and reducing cleaning time while benefiting the environment.

The operation has three steps. Drying uses high heat to drain waste moisture for decomposition. Grinding employs fast-rotating blades to pulverize waste for fertilizer. Cooling makes the bucket safe to remove after grinding.

Product Specification:

Model	FW300-A1
Sound Level	<=55 dB(A)
Power	500 W
Capacity	2.5L
Product size	L318*W255*H317.7mm
Filter	Activated Carbon

Product Features:

- * Turn your waste to fertilizer by 2-4 hours
- * Transparent Glass Cover, check the residue conversion status at any time
- * Drying-Grinding-Cooling, three steps reduce volume of your waste by up to 95%
- * Activated carbon filter remove smell
- * Fashion design makes it great to fit your countertop
- * One button start, auto adjust the working time according to the water content of your waste.
- * 2.5L capacity enough to cover your whole family food waste for one day

Food Waste Disposer Principle:

Food waste recycling

Fi

Put all of your food scraps, coffee grounds, Grass clippings, napkins, and so on into IUHAND

Transform

Recycling food scraps and other organic materials into a nutrient-rich fertiliser

Reclaim

recycles food scraps and other organic materials into a nutrient-rich fertilizer that can be used for indoor and outdoor plants
